Message from the President

“The highest education is that which does not merely give us information but makes our life in harmony with all existence”

___ Rabindra Nath Tagore

In the Present scenario there are a large number of institutions in higher education, but we recognize for our values and support which is needed to create a good human being along with a teacher.

This institution is established by Shiksha Bharati to build a teacher under B.Ed curriculum to achieve the social, moralistic and human values. Thus it is quite obvious that the students undergoing in training here will be nourished & inculcate in view of would be teacher will exalt and gratify the grandeur of teachers in true sense.

Message from the Director

The Education by which we can build our life, become human, can form character and harmonize thoughts, that is what really deserves to be called Education.

—Swami Vivekanand

Proper guidance is required to move forward on the path of progress in life. There are many types of this guidance, such as- personal guidance, educational guidance and vocational guidance. After checking individual's interest, ability and capability, vocational guidance should be preferred to choose the business accordingly. A teacher helps his students to become successful citizens of the country by giving relevant guidelines in all these subjects. It is a matter of joy that this institute helps the students to become a successful citizen in future by giving proper guidance.
